# Functions are our building blocks

# Comments are useful

```
// this is a comment
```

```
/*  
    this is also a comment  
    that goes over multiple lines  
*/
```

## **FUN FACT:**

**functions can return a value**

```
var add;
```

```
add = function(x,y) {  
    return x+y;  
};
```

```
var z = add(3,2);
```

# Review - making Functions

```
var doStuff;
```

```
doStuff = function(x,y,z) {  
    rect(x,y);  
    ellipse(10+x,y+12,z,z);  
};
```

# Review - calling Functions

```
doStuff(1,2,3);  
rect(10,100,25,25);  
ellipse(1,1,100,100);
```
